Subject: Mention by Ian Forbes

While up at the Eve on Thursday I ran into Ian Forbes and started chatting to him about the campsite and that people seemed to be keeping it clean. He was aware of us doing the crappers. I also explained that as a club we had also done some clean ups as well.

Yesterday in flybc.ca, in their forum section on flyfishing Ian put in a report on the Eve which is in the Nile creek pink fishing heading (don't know why) Anyways he named our club to be thanked for keeping the place clean.

Thought I would mention it as it was a nice gesture on his part.
cheers, Basher
