Subject: Redington 9'-4wt and Reel w/ line

For Sale: Redington "Tempt" 9'-4wt. (4 piece rod and tube), Redington "Rise" 3/4 Reel (Mantis green w/ nylon case), and RIO LT Floating 4WF line.

Comments: The set-up has only been fished with a few times for a total of maybe 3 hours - it is in MINT condition. I cannot stress enough, how little this rod and reel has been used! It would be a great rod for the East Kootenays, upper Skagit River near Hope, Elk River in Strathcona Park, chironomid rod for stillwaters, etc.

Asking: \$300 for the whole set-up (retail price for the rod is \$159.95, reel is \$169.95 and line is \$74.95 = \$404.85)

Rod description and reviews:
