

## IWFF Fly Tie at Oliver Woods Comm. Centre, March 4

**Bruce Murray** [drbm@shaw.ca]

People came from far and wide to attend IWFF Fly Tie Saturday yesterday. Word was out that Jason Perry was putting on the incredibly delicious lunch, well maybe his wife Kristi. The Comox Valley Fly Club were there and they are always a great show and an incredible mix of talent and experience.

Bob Leverman was demonstrating tying #18 BWO duns.

Then there was the new attraction, microscopic examination of local stream invertebrates.

Look what the Comox Valley Fly Fishers brought to supplement lunch. Last year it was delicious turkey roaster full of chicken wings for the main course. This year they brought a

tenderized road kill camouflaged in a Tim Horton's box of Tim Bits!

**It was good times for all !!!!**
