The Island Waters Fly Fishers

The Purpose of our club is as follows:

- To practice, further and promote the art of fly fishing
- To practice and promote fish conservation and enhancement
- To encourage fellowship and sportsmanship amongst anglers

The British Columbia Federation of Fly Fishers (BCFFF) is a registered, non-profit society whose main objective is to promote the conservation of the fishing environment in British Columbia. By networking with similarly minded clubs, organizations, businesses and individuals, the BCFFF provides a voice that reflects its member's and the public's concern for the future of B.C.'s natural resources. Our organization believes that concern for the future of our province's environment is not just the exclusive domain of fly fishers or other recreation groups, but should be the concern of all citizens. Consequently, it is with this broader population in mind that we strive to protect and promote our natural resources for the benefit of present and future generations to respect and enjoy.
