

## 2015 Swap and Shop

### Oliver Wood Centre March 29

A dedicated group of IWFF members led by Wayne Pealo put on a successful Swap and Shop on Sunday March 29. Setup began at 830AM and customers started showing up at 9:30 or so. (aside from the IWFF members looking for good deals before the crowds got there!)

We were really busy in the morning but the crowd dropped off considerably by 12:30 or so. We ended up breaking even on the costs of rentals and the proceeds from table sales and coffee.

There were some new contacts made in the community and Dennis sold quite a few more tickets on our rod and reel draw. Most club members walked away with a bargain or two to add to their collection of fly gear, flies and fly tying materials and equipment.

Ron Moll's try out of the video camera for showing close up views of fly tiers was a success—we could make out the hairs on John Ellis's nose!

Enjoy your Easter Weekend!
