

Fishing Report Oct 29 2015

Received from wayne pealo [fishon048@icloud.com]

Date Received: Nov 1, 2015 at 7:40am

On Thursday last week, started at Bowser on the beach, then to Nile Creek, LQ estuary, LQ River and Englishman. No signs of coho anywhere and lots of zombie chum most places! Perfect timing and setting for Halloween?

I am thinking of heading to Kissinger lake Mon-Wednesday as lake was stocked on the 22nd. Any interest?? Call/send me an email. Cheers
