

Fishing Reports

Green Lake – 26 March 2015

From: Bruce Murray <drbm@shaw.ca>

Received: Sat 2015-03-28 11:11 AM

John Bane and I kick the rust off our boats and headed to Green Lake for a few hours on Thursday.

Fish were surfacing when we arrived around noonish.....We tried our new ties, namely Carey Special, Andrew's emerger, Tom's Thumb and micro leech recommended by Don Ginter, Ian Stewart and Dennis Mullins, respectively. I can't remember who suggested the micro leech.

Two other boats also on the lake and we all hooked into a dozen fish or so but landed somewhat less than that. It was a beauty of a day in the sun and hopefully the start of many more to come!

Today I am going to a local stream to test drive new ties on small jig hooks as a result of Peter's excellent presentation at the GM last Wednesday night. I found the jig hooks in sizes 8 -10 -12 and slotted tungsten beads at Coast Sport Fish fly shop in French Creek. Keith Hyett got them in because Peter ordered them, but I scooped half the order (lol).

Cheers, Tight Lines etc

Bruce Murray

Divers Lake - March 21
