## **Spey Casting Clinic Oct 17**

Nine members enjoyed the Spey casting expertise of Keith Hyett, from Coast Sportfish in Parksville on Saturday, October 17th, at the Boy Scout camp on the Englishman river. Everyone learned a bunch of new Spey technique, got to try out different rods and lines, received individual instruction from Keith, had lots of time for practice and a good BS time for all. People agreed we need a follow-up session for single hand and single hand Spey next time.

Thank you All,

**Dennis Mullins**
