

## BC Stocking Report From GO FISH BC

**From: Don and Heather** [donheather@shaw.ca]

John Ellis sent me this after he has enquired about stocking Kissinger Lake. This link is for Kissinger but I found it real easy to go to any of their stocked lakes anywhere in the province to find out how many and what size and what strain, etc. Maybe this would be a good link to put up in a safe and readily available place like.....perhaps..... our members' page. <http://www.gofishbc.com/Stocked-Fish/Detailed-Report.aspx?region=VANCOUVER%20ISLAND&waterbody=KISSINGER&start=2/7/2007&end=2/7/2017>
