

Fishing Report for Echo Lake

Norm Neiderer [nnwneiderer@gmail.com]

Hi All,

The weather yesterday for the Fishout was perfect. Sunny and not cold. There were gusts of wind once in a while but not enough to be a pain. The fishing was slow, probably caused by the lake being quite cold. I don't have a thermometer but the water couldn't have been much warmer than 4/5⁰C. A few fish were caught by the group. I tried a variety of leeches, wholly buggers on a full sink line and had two long distance releases only. Not bad for the first Fishout of the year.

Don't forget to renew your licence.

Cheers,
Norm
