

## Oyster River Fishing Report Feb 22

**Norm Neiderer** [nnwneiderer@gmail.com]

Hi All,

It was such a nice day, i decided to go fish the Oyster. I started from the bridge by the pub and fished down to the rapids. I fished a steelhead fly on the way down river and a cutthroat fly up river to the pub. Nothing. I then went to the end of the road and fished to the bluffs. I fished the Zandoli worm for steelhead. Not a bite. I met two guys at the bluffs and they hadn't had a bit either. The river is very fishable, the water is not too fast and it's pretty clear. All in all, it was the perfect day for a walk on a beautiful river.

Cheers,

Norm
