

Spider Lake Fishing Report Dec 5th

Norm Neiderer [neiderer@shaw.ca]

Hi All,

I got to Spider at 10:30. The morning cloud cover never lifted all day. I was the only boat on the lake. There were three fishermen on the shore in the usual spot. Very few ducks and no eagle. Water at 44 F. No wind whatsoever. Not too cold considering the clouds. I netted one 12" rainbow and lost three due to unable to set the hook as I was paddling my canoe very slowly enjoying the scenery.

All the fish bit on an **olive Rolled Muddler with a slime line**. I tried quite a selection of flies on my full sink line with no success.

I'm going to try Maple Lake next time.

Cheers,

Norm
