

Fly Tying With Norm

Bob Kissinger [basherbob@outlook.com]

Myself, Gord, Ton and Jack went up to Royston on Friday for “Fly Tying with Norm”. Great day, lots of giggles, found a couple of pink salmon flies that I liked and enjoyed some excellent fish and chips at Roy’s pub.

Fly #1 is tied using a small lead dumb bell eye and medium hot pink polar chenille.

Fly # 2 again has a lead dumb bell eye but the body is just pink wool with a stripe of holographic tinsel down the back and ribbed with thin wire.

Remember it's never too early to start think of the pink season.

Cheers

Basher
