Met Jason Perry and Gerry Stevens at Panther Lake last Sunday after hearing from Gerry how he and Bob did very well on Dries the day before.

Conditions were dry but a bite windy for my anchorless craft. Had to fish Dries of course and had a couple of terrific hits while becoming more familiar with the "new craft".

Jason did well got 5 to the boat on 10 hits and Gerry....well every time I looked in his direction he had a fish on....too many to count (TMTC). It was a good day for all!
