Hi All,

Yesterday, Eloise and I (see picture below) went and combed the beach from the Wrecks to past the Trent River looking for Pinks. As she draws only 10 inches with the centreboard up, it's easy to go close to shore. We also checked the beach in front of St-Joe's. Not one Pink in sight anywhere. I had a better chance of catching a Mermaid than catching a Pink.

Cheers,

Norm
