

Fish Out Committee Report

Bruce Murray [drbm@shaw.ca]

Your IWFF Fish-out Committee consisting of Leo Snye, Jack Toomer and yours truly met on Friday Jan 26th to draft out this year's IWFF Fish Out schedule, which is listed below. This schedule is a completed first draft, built around known dates of our "other" planned activities. We were striving to include both week dates and weekend dates to accommodate both retired and working folk. Consider this a "first draft" because we are open to include recommendations from members for additional sites and dates for club sanctioned fish outs. In addition to this list, we have a further "surprise" in that the new website will allow members to post at any time that they are going fishing, to a particular lake or stream or beach, on a particular date and time and if anyone is interested in joining in, to reply to this posting....this will all happen without having to email me to post on the next week's newsletter or send out an email. All you will have to do is go to our new IWFF website and post your request....Pretty Cool eh! I'm excited because now we can take immediate action when fish show up or a bite's on.

Following is our current 'Calendar of Events' including our draft of "sanctioned" (for insurance purposes) club fish outs:

Date	Event
Feb 3	Saturday Fly Tying at Oliver Woods Community Centre
